Pink Bollworm Eradication Program

(For Distribution and Use Only in the State of Texas)

ATTENTION

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of planting.
- Read the Product Use Guide for WideStrike® 3 Insect Resistant Cotton Seed before planting. Carefully follow all precautionary statements and applicable planting and management requirements.
- Use of WideStrike® 3 Insect Resistant Cotton Seed according to this supplemental labeling is subject to all use precautions and limitations imposed by the Grower Agreement and/or Product Use Guide for WideStrike® 3 Insect Resistant Cotton Seed.

Directions for Use

Pink Bollworm Eradication Program: The following requirements apply only in the Texas counties of Brewster, Crane, Crockett, Culberson, El Paso, Hudspeth, Jeff Davis, Loving, Pecos, Presidio, Reeves, Terrell, Val Verde, Ward and Winkler which are participating in a sanctioned program for the eradication of pink bollworm where sterile PBW moth technology (SIT) is an integral component. An individual grower may plant up to 100% WideStrike 3 cotton. Sterile moth releases will be made as needed in both *Bt* and *Non Bt* cotton and in accordance with the criteria established in the Minimum Standards for Pink Bollworm Post Eradication document as approved by USDA/APHIS and the national Cotton Council Pink Bollworm Action Committee. Growers must comply with all other cultural requirements of the eradication program.

Expires 12/31/2020
